HOW TO UP THE ANTE ON YOUR LEADERSHIP APPROACH
Minnesota Change Management Network March Summit
Focuses on Thinking Differently About Change

Minneapolis - February 8, 2017 - Change management professionals should be looking through a human-centered lens to improve collaboration, engagement and results in change initiatives. That is according to Jean Nitchals, a local leadership consultant and partner at Niche Solutions, who has found that this concept stimulates creativity and improves an individual's ability to lead teams through innovative change.

Nitchals will lead an interactive workshop at the Minnesota Change Management Network's March Change Summit on March 16, 2017. Learning objectives include:

- Understanding the foundations of innovative leadership and culture
- Knowing when to apply Th!nk Differently concepts to change challenges
- Practicing some tools to invite human-centered collaboration

Jean Nitchals is managing partner at Niche Solutions, a Minneapolis-based strategic management and creative leadership consulting firm. She is a catalyst for positive change, bringing out the best of people and ideas through creative and strengths-based solutions. Businesses turn to Nitchals for fresh ideas and new ways of thinking to help them solve complex problems. Learn more about Nitchals at www.discoveryourniche.com.
